

LED Magnetic Retrieving Tool

The safety tool specialists know just how and what to deliver to make electric safety work practices even stronger!

The Cementex rechargeable LED light up magnetic retrieving tool features an 18" flexible shaft combining a strong magnetized tip with a rechargeable LED light at the tip.

This light-up tool is deceptively strong and designed to eliminate the need for a light to be on your head, in your mouth or in your hand...it lights exactly where you are looking for that lost screw, nut or tool that might fall inside a panel.

Did we mention it is RATED? You can use it anywhere with its 1000 VAC / 1500V DC rating.

- Light provides a well-balanced beam with its 5-sided glowing CSP LED and easily twists off and on
 - Max output of 150 Lumens - Fully tighten tail cap to access
 - 15 mins before dropping to 50% of charge
 - Low output of 5 Lumens – Slightly tighten tail cap turn to access
 - 6 hours before dropping to 50% of charge
- Insulation cap and Magnet tip remove to allow full recharge in 75 minutes with
 - Fully loosen tail cap to expose Micro-USB charger port (cord included)

Part Number	Description
MRT-18-LED	18" Magnetic Retrieving Tool w/Rechargeable LED Light

Cementex double-insulated tools:

- Comply with the IEC 60900 standard
- Comply with ASTM F1505 standard
