

Sockets: 1/2" Square Drive

Cementex offers 1000V rated insulated sockets for use with insulated tools including ratchets, torque wrenches, extensions bars, T-Handled square drives, breaker bars, etc.

Cementex's unique coating technique allows the socket to be shaped in a way that the insulation is slimmer at the point of contact with the nut or bolt. This allows Cementex insulated sockets to access equipment where other manufacturer's sockets won't fit.

Cementex double-insulated tools:

- Comply with the IEC 60900 standard
- Comply with ASTM F1505 standard
- Help you meet the requirements of OSHA Safety Related Work Practices, NFPA 70E Standard and CSA-Z462

Cementex double-insulated tools are:

- Tested to 10,000 VAC and rated for 1,000 VAC/1,500DC when working on live parts
- Manufactured in the U.S.A. with both US and globally sourced materials
- Marked with the international safety symbol —  1000V
